## HOBBIES AND INTERESTS

---

I have been swimming recreationally since elementary school (private coaching), and throughout high school as a member of the ZPK swimming club. In 2022, during the final year of my training, I decided to participate in the internal club competition and was proud to win first place. I still occasionally visit the pool to unwind.

From 2022 to 2024, I focused on self-guided training, running and swimming regularly.

Since September 2024, I've been a member of the Optimist Boxing Club in Zagreb. Having previously trained boxing as part of my university PE, I'm thrilled to be back.

In elementary school, I completed a 6-year program for guitar at Rudolf Matz Elementary Music School. Since then, I've been learning about music theory independently. I've played on two soundtracks for animated movies by ŠAF Čakovec (School of Animated Film Čakovec): "Yellow Days" by Ema Bilaver and "Ksenia" (created at the annual International Film School in 2021).
